Endura®

WaterStop/Oilbloc™ Goat-grain Drivers Glove with Thinsulate™ Lining

Oilbloc™ treatment.

#378GOBTL

Supple goat-grain drivers gloves are processed with Superior's own Oilbloc™ treatment for exceptional water and oil repellency. Oil simply won't soak through, not hours—or even days—after being dropped onto leather. (Untreated leather absorbs oils and liquids within seconds of contact.) And because it does not penetrate since it cannot leave a mark, gloves are highly stain resistant.

Set-in keystone thumb for greater comfort. This winter style features a 100-gram Thinsulate™ lining for great warmth without bulk. Elasticized backs for a snug fit.

Thinsulate™ is a registered trademark of 3M
