

Section 01: Identification

Product Name: HPP Multiport Tees, HPP Mini Multiport Tees, HPP Fittings

Recommended Use: potable water supply and distribution, hydronic radiant systems

HeatLink Group Inc.
4603E - 13th Street NE
Calgary, AB, T2E 6M3
1-800-661-5332

Prepared By: Communication Dept.
Preparation Date: August 31, 2016

Section 02: Hazards Identification/Emergency Overview

WHMIS Classification:

This product is classified as an "article" under the OSHA HAZCOM 2012, Subpart Z - Toxic & Hazardous Substances, and as such is exempt from the requirement for classification. If this product is cut or processed in any way, hazards may apply. This SDS is not applicable to the product during processing.

Section 03: Composition/Information on Ingredients

Ingredient	% Conc.	C.A.S. #
HPP	100	none

Section 04: First Aid Measures

- *Skin*: No need for first aid is anticipated.
- *Eyes*: No need for first aid is anticipated.
- *Inhalation*: No need for first aid is anticipated.
- *Ingestion*: No need for first aid is anticipated.

Section 05: Fire Fighting Measures

Means of extinction: Carbon Dioxide or dry chemical (small fires), foam or water spray.

Hazardous combustion products: May include, but not limited to: carbon oxides.

Section 06: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures: Not applicable.

Environment precautions: Not applicable.

Methods and materials for containment and cleaning-up: Not applicable.

Section 07: Handling and Storage

Handling: No special requirements.

Storage requirements: Dry storage.

Section 08: Exposure Controls/Personal Protection

Note: These recommendations provide general guidelines for handling this product. Personal protective equipment should be selected according to individual application of the material, safe handling practices to consider include:

exposure potential, chemical concentration and ventilation. It is ultimately the responsibility of the employer to follow regulatory guidelines established by local, provincial and federal authorities.

Recommended Personal Protective Equipment:

- *Gloves*: Not required under normal conditions.
- *Eye*: Safety goggles or glasses recommended.
- *Ventilation*: Not required under normal conditions.

Section 09: Physical and Chemical Properties

Physical State:.....Solid

Appearance:.....Plastic

Color:.....Black

Odor:.....Odorless

pH:.....No Data

Boiling Point:.....No Data

Vapour pressure (mmHg):.....No Data

Vapour density (Air=1):.....No Data

Solubility:.....Insoluble

Specific Gravity:.....No Data

Volatile Organic Compound %:.....No Data

Section 10: Stability and Reactivity

Chemical stability under normal conditions: Stable.

Incompatible materials: Avoid contact with solder flux, pipe dope, PVC glue, strong acids, strong bases, solvents, or spray foams. Avoid contact with termiticides or pesticides.

Hazardous decomposition: May include, but not limited to: carbon oxides.

Section 11: Toxicological Information

Effects of acute exposure

Skin Contact: not applicable.

Eye: not applicable.

Ingestion: not applicable.

Section 12: Ecological Consideration

No Data

Section 13: Disposal Considerations

Waste Disposal: Dispose of this material and its container in accordance with local, provincial and federal regulations.

Section 14: Transport Information

Class or Type: Not regulated for transport.

Section 15: Regulatory Information

This safety data sheet has been prepared in accordance with the WHMIS standards. All materials used appear on the Canadian DSL. Materials not listed are either non-hazardous or in concentrations of less than 0.1%.

Section 16: Other Information

Responsibility Statement

The information contained herein is provided as a guide to the handling of this product. It is our belief that the information provided in this safety data sheet is reliable. This product should not be used by any person who is not familiar with the contents of this safety data sheet, the recommendation found on the label or technical data sheet. No warranty of any kind is given or implied and HeatLink Group Inc. assumes no responsibility for damages, losses, injuries or events resulting from damages incurred from its use. The information on this material safety data sheet relates only to the specific material designated herein and does not relate to material use in combination with any other material or in any process.
