

## 551 M.D. Ramp System<sup>®</sup>

Nitrile rubber ramps for use with the Cushion-Ease<sup>®</sup> family of matting products

The M.D. Ramp System<sup>®</sup> is designed for use with the Cushion-Ease<sup>®</sup> family of floor mats and provides a 2" beveled edge for easy access onto or off of the work platform. Made from a 100% nitrile base rubber compound M.D. Ramp Systems<sup>®</sup> provide the highest resistance to chemicals, cutting fluids, animal fats, oils and greases. All ramp lengths fit the male/female interlocking system on the mats and are beveled and molded with mitered corners and a protruding tab that locks together the two adjoining ramps for a secure, professional corner. Square edges can be achieved by trimming off the miter using the cut line on the bottom of the ramp.

- Easy to snap together system for on-site custom work station platforms
- Nitrile provides highest level of resistance to chemicals, oils and greases
- Compatible with any Cushion-Ease<sup>®</sup> family mats
- Available as: \* 3 foot long Male/Female Ramps \* 5 foot long Male/Female Ramps

Stock Sizes	2"x3', 2"x5'			
Thickness	3/4"			
Colors				
	Black	Orange	Terra Cotta	Yellow
Product Group	Ergonomic, Anti-fatigue & Safety Matting			
Environment	Wet/Dry and Oily Areas			
Usage Intensity	Heavy duty			
Sales Tip	All ramp lengths are beveled and molded with mitered corners and a protruding tab. The tab locks together the two adjoining ramps for a secure, professional corner.			
Material	Nitrile rubber			
Product Weight sqft in lbs	1.8			
Process	Compression Molding			
Reach	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).			
Prop 65 Warning	WARNING: This product can expose you to chemicals including diisodecyl phthalate which is known to the State of California to cause birth defects or reproductive harm, and 2-mercaptobenzothiazole which is know to the State of California to cause cancer.
